### WARNING

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.  
To avoid electrical shock, do not open the cabinet. Refer servicing to qualified personnel only.

Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.  
You will hear a beep and the hour will start to flash in the display. The sleep timer will not operate if the clock is not placed upright with liquids, such as vases, on the apparatus.

Use the AC power adaptor to an easily accessible AC outlet. Should you notice an abnormality in the AC power adaptor, disconnect it from the AC outlet immediately.

**For the Customers in Canada**  
CAUTION: TO PREVENT ELECTRIC SHOCK, MATCH WIDE BLADE OF PLUG TO WIDE SLOT. FULLY INSERT.

• To set the current time rapidly, hold **TIME SET** + or  
• To adjust the time exactly to the second, press **CLOCK/D.S.T.** simultaneously with the time signal.

Before operating the radio, please read these instructions thoroughly and retain them for future reference.

Thank you for choosing the Sony Dream Machine! It will give you many hours of reliable service and listening pleasure.

Before operating the radio, please read these instructions thoroughly and retain them for future reference.

• Dual alarm FM/AM clock radio.  
• You can set Radio and Melody alarms to different time. (You can select Melody sound from the following: 1. Buzzer, 2. "Morning" from "Peer Gynt", by Grieg - suite No.1, Op.46, 3. "For Elise" by Beethoven.)

• Triple display—main display for the clock, and two sub-displays for the alarms.  
• Nap timer—Count down time (10,20,30,60,90,120 minutes).  
• Extensible Snooze time from 10 to 60 minutes.

• LCD with brightness adjusting backlight. (High/Low/Medium/Low.)  
• D.S.T. (Daylight Saving Time)—Summer time adjustment (one-hour skip function).  
• A/CDC operation—You can place the radio anywhere you like using it with the AC power adaptor or the batteries.

There is a tactile dot beside VOL to show the direction to turn up the volume.  
• A unique tactile, sited à côté de la molette de volume, indique le sens dans lequel il faut tourner pour augmenter le volume.  
• Neben dem Lautstärkereger befindet sich ein fühlbärer Punkt. Dieser gibt die Richtung an, in der man die Lautstärke erhöht.

## Choosing Power Sources (See Fig. A)

Installing the Batteries  
Press the tab of the battery compartment lid inward and pull upward to open the lid.  
Install two R6 (size AA) batteries (not supplied) with the correct polarity and close the lid.

• "AM 12:00" or "00:00" flashes in the display when you install batteries for the first time. Stop the display from flashing, set the clock. (See "Setting the Clock.")

Note  
When operating the unit with batteries, remove the AC power adaptor from the DC IN jack. The unit cannot be operated on batteries when the AC power adaptor is connected to the DC IN jack.

**Battery Life** (Approx. hours) (JEITA\*)  
When using FM AM  
Sony alkaline LR6 (size AA) 68 71  
Sony R6 (size AA) 27 30

\* Measured by JEITA (Japan Electronics and Information Technology Industries Association) standards. The actual battery life may vary depending on the circumstances and use of the unit.

**When to replace the batteries**  
When the batteries become weak, the sound becomes weak and distorted. "CC" flashes on the display. After setting the clock and excessive battery, "CC" appears on the display and the power is turned off.

**Note on replacing the batteries**  
Do not take more than 3 minutes to replace the batteries, otherwise the clock and standby settings will be deleted from the memory. Should that happen, reset the functions again.  
After the batteries are replaced, press **RADIO ON/OFF** to turn off "CC".

**Notes on Batteries**  
• Do not change dry batteries.  
• Do not carry dry batteries together with coins or other metallic objects. It can generate heat if the positive and negative terminals of the batteries accidentally come into contact with metallic objects.  
• Do not use different types of batteries at the same time.

When you replace the batteries, replace all with new ones.  
• When you connect/disconnect the external power source when "CC" may appear in the display. If this occurs, turn on the radio to make "CC" disappear.

When operating the unit with the internal batteries, remove the AC power adaptor from the wall outlet and the DC IN 4.5 V jack. Make sure that the plug of the external power source is disconnected before operating the unit.

Use the recommended Sony AC power adaptor only. The polarity of the plug of other manufacturers may be different. Failure to use the recommended AC power adaptor may cause the unit to malfunction.

Connect the Sony AC power adaptor to the DC IN 4.5 V jack firmly, and plug it into the wall outlet. The power source will automatically switch to the external power source even if batteries are installed.

**Notes on the AC power adaptor**  
• When operating the unit with an external power source, do not remove the batteries.  
• These batteries serve to back up the clock and standby settings. Since batteries discharge in this case as well, we recommend changing them about once a year.

When you connect/disconnect the external power source when "CC" may appear in the display. If this occurs, turn on the radio to make "CC" disappear.

When operating the unit with the internal batteries, remove the AC power adaptor from the wall outlet and the DC IN 4.5 V jack. Make sure that the plug of the external power source is disconnected before operating the unit.

Use the recommended Sony AC power adaptor only. The polarity of the plug of other manufacturers may be different. Failure to use the recommended AC power adaptor may cause the unit to malfunction.

You can listen to buzzer and two kinds of melodies by pressing **BACKLIGHT/SNOOZE/SLEEP OFF** while "AM 12:00" or "00:00" is flashing (Demo function). To stop buzzer or melodies, press **RADIO ON/OFF**. To listen to buzzer or melodies again, press **BACKLIGHT/SNOOZE/SLEEP OFF**. To deactivate Demo function, set the clock. (See "Setting the Clock.")

**To Stop the Alarm**  
Press **RADIO ON/OFF** to turn off the alarm. The alarm will come on again at the same time the next day.

**To Deactivate the Alarm**  
For the radio alarm, press **ALARM A** to turn off **ALARM A** indication.  
For the buzzer or melody alarm, press **ALARM B** to turn off **ALARM B** indication.

• The alarm does not function unless you set the clock and activate the alarm function.  
• If both Radio alarm and Buzzer or Melody alarm are set for the same time, the radio alarm will take priority.

**To Doze for a Few More Minutes**  
Press **BACKLIGHT/SNOOZE/SLEEP OFF**. The radio, buzzer or melody turns off but will automatically come on again after about 10 minutes. If you hit the snooze button repeatedly, **BACKLIGHT/SLEEP OFF**, the snooze time changes as follows:

10 → 20 → 30 → 40 → 50 → 60  
The display shows the snooze time for a few seconds and returns to show the current time. When you press **BACKLIGHT/SNOOZE/SLEEP OFF** after the current time appeared, the snooze time starts from 10 minutes again.

The maximum length of the snooze time is 60 minutes.  
• While the snooze function is operating, the alarm indication flashes.

**Setting the Sleep Timer**  
By setting the sleep timer, you can fall asleep to the radio sound. The radio will turn off automatically after a set time. The sleep timer can be set to turn off after 15, 30, 60 or 90 minutes.

1 Tune in to the desired station. (See "Operating the Radio.")  
2 Press **SLEEP**. The sleep timer setting of "90" appears and "SLEEP" lights up in the display.  
3 Press **SLEEP** repeatedly to select the desired sleep timer setting while "SLEEP" is lit.

Each press changes the display as follows:  
OFF → 15 → 30 → 60

**Setting the Clock**  
The display will flash "AM 12:00" or "00:00" when the batteries are installed. The AC power adaptor is plugged in for the first time.

1 Press and hold down **CLOCK/D.S.T.** for a few seconds.  
You will hear a beep and the hour will start to flash in the display.  
2 Press **TIME SET** + or — until the correct hour appears in the display.  
3 Press **CLOCK/D.S.T.** once.

You will hear a beep and the minutes will start to flash in the display.  
4 Repeat steps 2 and 3 to set the minutes. After setting the minutes, press **CLOCK/D.S.T.** You will hear two beeps when the clock will start counting from zero second.

• To set the current time rapidly, hold down **TIME SET** + or  
• To adjust the time exactly to the second, press **CLOCK/D.S.T.** simultaneously with the time signal.

Before operating the radio, please read these instructions thoroughly and retain them for future reference.
